

Thank you for supporting the Richmond Animal Protection Society (RAPS) shelter!

We'd like to introduce you to DOGSAFE Canine First Aid – *the leader in canine first aid and safety education*. Our unique teaching methods and teaching tools makes learning with DOGSAFE not only fun, but effective.

Have you ever wondered what you would do, and how you would react, in an emergency involving your own dog while walking or just relaxing at home? What about any dog in the community? Emergencies can have negative affects on you, both physically and psychologically, if you are not prepared. DOGSAFE will teach you how to assess any emergency incident in 4 easy steps and teach you what to do if a dog is choking, requires CPR, gets hit by a car, gets impaled by a stick, ingests poisons, gets bit by a dog, experiences heat stroke or hypothermia and much more.

Have you ever wondered how you will pay for unexpected veterinary bills? DOGSAFE will save you money by teaching you how to conduct head-to-tail assessments to compare what is a medical emergency versus something that you can monitor at home. DOGSAFE will also save you money by showing you how these head-to-tail assessments may alert you to health conditions before they progress into something more serious requiring significant veterinary costs.

At DOGSAFE, we are not only firmly committed to maximizing canine first aid and safety awareness to everyone involved with dogs, we are fully committed to supporting non-profit canine organizations.

RAPS SPECIAL OFFER: If you sign up for our 8 hour DOGSAFE Canine First Aid course, tell us that you support RAPS too and we'll donate \$10 back to Richmond Animal Protection Society! Check our website at www.dogsafe.ca for more course details.

PS. Flip this over and check out the “Why Choose DOGSAFE?” list ...

Register for a DOGSAFE Canine First Aid course

Why Choose DOGSAFE?

1. We offer the only course curriculum and manual supported by the BC SPCA; you can be assured you are getting the *'best of the best'* in canine first aid training.
2. We offer the only course which provides individual canine manikins for every student to allow for lots of hands-on practice and no hygiene concerns with sharing equipment.
3. We limit registration to small groups of 10 students which allows for individual attention.
4. Our instructors have extensive experience in actual emergency response services; this allows us to teach you the realities of responding to emergencies.
5. We offer the most comprehensive training & reference manual; 126 pages and more than 56 real-life photographs; included free with course registration.
6. Our courses are 100% guaranteed; every student will be reasonably proficient in canine first aid skills at the completion of a DOGSAFE course; if not, a student may enrol in another DOGSAFE course, within 3 months, at no additional charge.
7. We award a frame-ready certificate you can be proud to show your family and friends.
8. If you choose to later become a canine professional, we are the only company that provides professional graduates with a DOGSAFE Certified jpeg logo for websites; and only company that provides FREE business listings on the DOGSAFE Find a Graduate web page to help create company exposure and build a client base.
9. We are developing new courses every year so that you can continue your education with the most extensive canine first aid training available.
10. We offer private and semi-private courses for those who wish to learn at home.
11. We offer private group courses; gather a group of friends together and you'll receive FREE course registration.
12. We donate a portion of each DOGSAFE course to various dog charities; you can feel good knowing part of your registration fees are helping dogs in need.

“DOGSAFE is a way to be prepared”
